

# CARITAS EUROPA INNOVATION FESTIVAL

**“It’s not about ideas. It’s about making ideas happen.”**

*– Scott Belsky*

New projects and services are steadily developed all over Europe and many of them become successful innovations. We want to make that visible! The first ever virtual Caritas Europa Innovation Festival will present inspiring innovative projects from different European Caritas Organisations.

## **The Caritas Europa Innovation Festival is the opportunity for you...**

- to make your innovative project visible,
- to get inspired,
- to learn from other approaches all over Europe,
- and to connect with innovative minds for further exchange.

## **Be part of it!**

You’ve been creating a new service for people in need, something transformative and outside the box? Or maybe you know of an innovative project in your organisation that should be part of the Innovation Festival? Tell us about it and apply for the virtual Caritas Innovation Festival! The most inspiring projects will be presented at the digital Event.

What are we looking for?

- innovative services that benefit the people you work for (people in need, clients, residents, ...)
- innovations that have been established in the past two years and work successfully

**Submit a project:** Please fill out our application form below and send it to Corinna Sharma, [corinna.sharma@caritas-wien.at](mailto:corinna.sharma@caritas-wien.at). Deadline Nov. 9th 2020.
